

Mission

TWENTY-SIX

Let's go on a  
woodland wander

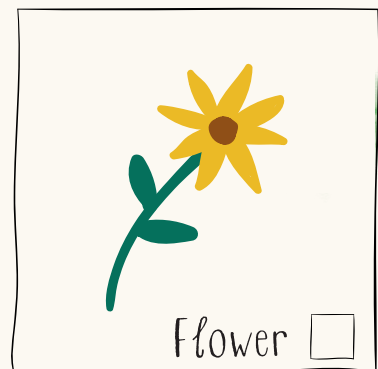

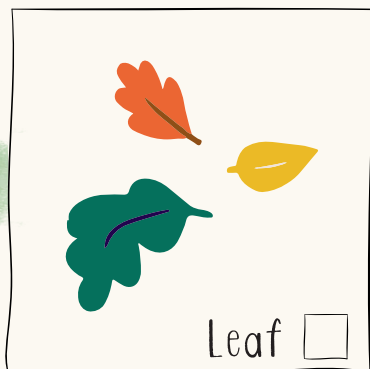

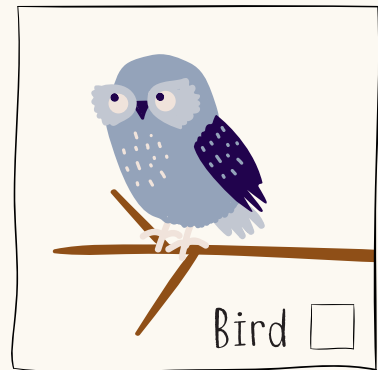

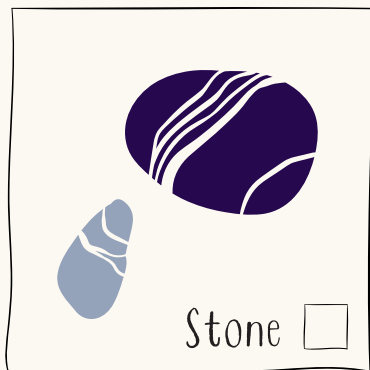

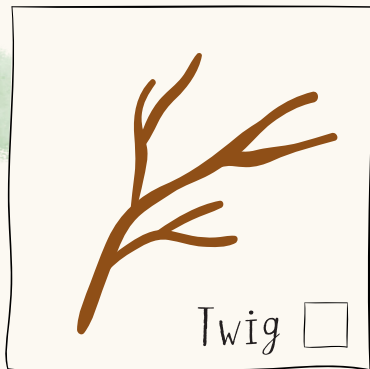

We're running around searching for the creepiest crawlies, busiest birds, mysterious animal tracks and more. Race you to it...

# A serious scavenger hunt

How many of these things can you spy on your walk and which ones can you fit in your pockets? (Apart from the birds and bugs...)

When you can't make it outside, bring the best bits to your wardrobe by taking a peek online at our cosy new woodland collection at [boden.com](https://www.boden.com)
